AD AMPLISSIMVM PRAESVLEM, ET REVERENDVM DOMINVM, D. IOHANNEM, ABBATEM BANTHENSEM, & adminiſtratorem Zuartzachenſem, in Monumenta Illuſtrium doctrina virorum Præfatio.

CVm rex Thebanorum Creon Cadmæa quidem victoria ſuperior, ſed tamen ſuperior, edicto deuictorum cæſorumque Argiuorum corpora ſepeliri vetuiſſet, morte ei propoſita, qui contra ire auſus eſſet; etſi non leuibus ad hoc cauſsis impelli videbatur, amiſſo in reliquis eo bello, quo vltro ab Argiuis Thebani appetiti eſſent, optimæ indolis, & rariſsimi exempli filio: tantã tamen inuidiam hoc factum ceu inmanitatis inauditæ, & rerum humanarum parum memoris, incurrit; vt à publico tum orbis vindice Theſeo Athenarum rege vindicari & ipſum meruerit. à quo victus, & interemptus, vt communis naturæ hoſtis, Creon, paſſurus haud dubiè erat, quod alijs minatus fuerat, inſepultuſq; iure belli, quod ipſe condiderat, cuiuſq; auctor extiterat, merito iacuiſ-

ſet;

ſet; niſi miſericors victor non, quid eum pati, ſed quid ſe facere potius conueniret, etiam atq; etiam ſuo cum animo reputaſſet. Verum quorſum hæc tamen? inquies; illuc nimirum, Ampliſſime Præſul, tendunt, vt vel nihil de inmortalitate, vel certe auia à veris longè ſperantibus, curæ ſemper, vt nihil magis, fuiſſe liqueat, vt defunctorum corpora terra conderentur, extremæq; loco ignominiæ, imo barbaræ cuiuſdam inmanitatis iam inde à principio habitum, ſepulchri honore prohiberi. Nam quod Diogenes neſcio quis inſepultus abijci voluiſſe dicitur, vt omnes beſtiæ participes ipſius eſſent, hoc quoq; ex cynica diſciplina eum ſciuiſſe ſcilicet. quod tamen ipſis ſectatoribus eius ita diſplicuit, vt contemta hac vltima ipſius tam aliena à more communi voluntate, cum inter ſe qui potiſſimum magiſtrum ſepulturæ traderent adeò diſſiderent, vt pene ad manus venerint, & vix interuentu procerum ciuitatis ſedati ſint; omnes tamen in eo concordarint, quidquid mandaſſet ille, corpus eius omnino terræ tradendum, locumq; ſepulturæ monumento condecorandum. quod poſtea fuiſſe legimus, columellæ, quæ tumulo inmiſſa eſt, impoſitum è Pario lapide canis ſignum. Adeò canes diſcipuli canem præceptorem, cuius eos minimè aut puderet, aut pœniteret, cum in aliis vererentur, & ſequerentur; plus hic ſe debere à natura quodammodo omnibus gentibus, nationibuſq; inſitæ conſuetudini, quam magiſtri decreto putauerunt. Cui cum concinunt Epicuri dogmata; quæſo, quid mirum, ſi qui animæ quoq; inmortalitatem tollit, perparuam, aut nullam potius corporis curam habendam cenſuit? Etſi ne hunc quidem talem fuiſſe, vt omnem ſic quoq; de poſteritate cogitationem abijciendam exiſtimaret, teſtamenti eius verba diſerte loquuntur, quæ cum in medio ſint, & apud Diogenem Laertium exſtent, hic non exſcribo. Illud admonens potius, quod, cum poëtarum princeps viro ſapienti, &, quem ceteroqui vbique diuinum inducit, dat illud:

--- facilis iactura ſepulchri;

quiduis potius ſenſiſſe putandus eſt, meo iudicio; quam vt eius rei curam hic parui pendendam crediderit, cuius vbiq; tam religioſè in reliquis meminit. & profectò, non hic, quod prima fronte videtur, hoc ait Anchiſes; ſe, quid ex animo futurum ſit, non ſollicitari; ſed illud potius; vice ſepulturæ ſibi futuras ædium ruinas, quas vicina circumquaq; incendia minarentur. Nam vt is terra condi non laboraret, qui, vt diuinarum humanarumq; rerum peritiſſimus, optimè tenebat illud, à ſapientibus pro vero habitum tum; animas defunctorum, quorum corpora tumulata non eſſent, Stygiam paludem nō tranſmitti, nec aliarum quiete gaudere, ſed longiſſimo tempore quam miſerè errare; iuxta illa eiuſdem poëtæ, ſed ex perſona Sibyllæ Cumanæ Æneam alloquentis:

Anchiſa generate, deûm certiſsima proles,
Cocyti ſtagna alta vides, Stygiamque paludem,

DI cu-

DI cuius iurare timent, & fallere numen.
Hæc omnis, quam cernis, inops, inhumataque turba eſt:
Portitor ille, Charon: hi, quos vehit vnda, ſepulti.
Nec ripas datur horrendas, nec rauca fluenta
Tranſportare prius, quam ſedibus oſſa quierunt.
Centum errant annos, volitantque hæc litora circum:
Tum demum admiſsi, ſtagna exoptata reuiſunt.

vt, inquam, hæc ſciens, de ſepultura ſollicitus non fuerit, mihi herclè, vt paucis abſoluam, non ſit veriſimile. Sed quidquid adeo huius eſt, illud conſtat; omnes ſanos, & pro ſanis, magno ſemper ſtudio in id incubuiſſe, vt memoriam ſui multo peruagatiſsimã, maximeq; diuturnã relinquerent. quod etſi ingenÿ, factorumq; potius monumentis, quã exſtructis, & eductis in cælum molibus ſepulchrorum, aliquando ſanè perituris, conſecuturi videbantur; poſt primam tamen iſtam curam excolendi animi, fructusq; eius quam vberrimos ad ſempiternam memoriam relinquendi, facile hæc ſecunda fuit, ne eiuſdẽ animi temporariũ hoſpitium corpus, ab eo tandem neceſſario diſcidio vitæ expers relictum, ſuo quoq; honore fraudaretur. Sanos, & pro ſanis cum dico; non eos tantum dico, quamuis ſoli hi verè ſani ſint, qui ſacrorum nobis communione, & fidei Chriſtianæ profeſsione iunguntur: ſed illos etiam, qui inter ethnicos, religionisq́; in qua vna noſtra ſalus nititur, ignaros, & vitæ ſanctimonia, & doctrinæ integritate præcipui ſunt habiti. qui, cum animorum inmortalitatem anguſtis animis vix capientes, de corporum olim reſurrectione nihil aut fando audiuerint, aut auditum crediderint; & tamen vel ſic ſentientes, corporibus anima iam ſpoliatis honorem haberi voluerint, neq; curatius quidquam, quam quæ huc pertinerent, tractarint; Quam curam nos par eſt, qui Chriſto nomen dedimus, eius corporis habere, quod non tantum reuicturum quondam, verum etiam in vitam & gloriam æternam reuicturum, certa, & indubitabili ſpe præſumſimus? Neq; ſane non monemur huius quoque; quotiens ſacrorum bibliorum ſuauiſsima lectione animum paſcimus. quid enim hic ſibi volunt patriarcharum iam morti proximorum huc facientia mandata, quid prophetarum, quid regum peculiaria ſepulchra, tam ſollicitè ad redemtoris noſtri vſq; tempora conſeruata? Sed, inquiet aliquis, huius rei nimia cura ſuperſtitioni proxima eſt. nimirum, ſed ſuperſtitioſis. rectus enim, & liber ceteroqui talium rerum animus, vt in alÿs, hic quoq; ſibi modum tenendum non ignorat. neq; nos moles iſtas hæredes ſumtibus exhauſturas, & compoſiti, conditiq; iam corpus miſerè degrauaturas, depreſſuraſque, laudamus, etiam Athenis Atticis, & in vrbe æterna, iam fere à conditu eius, merito aut legibus vetitas, aut ſumtu, modoq; definitas: ſed qualia monumenta hic iam, olim à viro nobili D. Sigefrido Rybiſch per Italiam, Galliam,

noſtram Germaniam, alibiq́; collecta, eiuſdemq́; beneficio, & Tobiæ Fendt, ciuis, & pictoris Vratiſlauienſis antè opera in lucem emiſſa, iterũ edenda putauimus: Sub tuo ideo potiſsimum, digniſsime Antiſtes, nomine; quod, cum eruditione, & ingenij laude excellentium præcipuè virorum hic celebretur memoria; ad quem illi hoc tempore mitti potius, quam ad dignitatem tuam debeant, non temere inuenerint. qui, vt ex alijs, quibus apud me meritò certa eſt fides, ſæpè accepi; ita in duorum ſplendidiſsimorũ cœnobiorum adminiſtratione verſaris, vt omne tempus, quod difficillimis, & maxime arduis occupationibus tuis ſubtrahere potes, aut veterum ſcriptorum lectioni impendas, aut præſentis ſæculi viris doctis, quorum modo eſt copia, audiendis tribuas. non aliàs lætior, &, quod ex fronte, ore, oculis colligere eſt, alacrior, quam cum talium ſermonibus paſceris, & à curis aſsiduis ad eorum quaſi cygneas voces refocillaris. Non ibo longius exempla petitum; conſultiſsimus J. V. Doctor Conrardus Dinnerus, Illuſtriſsimi Ducis Franconiæ, & Reuerendiſsimi VVirtzeburgenſis Epiſcopi, à conſilijs; & inſignis medicinæ vtriuſq́; doctor, Joannes Poſthius, eiuſdem principis, & Domini laudatiſsimi Archiater; vterque etiam optimarum artium, & poëticæ facultatis laude celebris; quos duos tu fers in oculis; quibusq́; viciſsim iſta iudicij bonitate, & noto in ſtudia honeſta animo, meritò ſuſpiceris; vel hi, inquã, abundè teſtatum facere poſſunt, & quibus tu hominibus, rebusq́; delectere; & quam, vt iam dicere memini, inuenire doctorum virorum hi manes non facile potuerint alium, ad quem mitti potius, aut voluerint, aut debuerint. Reliquum vnum eſt, Præſul ampliſsime; vt, cum eos hoſpitio tuo, genium ſuum dignitati tuæ largituros, dignatus fueris; me quoq́;, eorum conciliatorem, in clientelæ tuæ parte aliqua hærere patiaris; & ſat magnum me laboris mei ſumtuumq́; fructum cepiſſe putabo. Vale, Antiſtes digniſsime: Francofurti ad Mœnum, ipſo Diui Gregorij. anno CIↃ. IↃ. LXXXV.

Epitaphium Lobwaſſeri.

Expertus mundi vanas res eſſe, nihilq;
Hic quoq; nunc jaceo pulvis et umbra, nihil.
Sed quia de nihilo ~~[illegible]~~ cœlum terramq; creavit.
Me cum carne mea non sinet eſſe nihil.

In partus difficultate extinctam Angelam Romæ.

Hic jacet in medio quæ concidit Angela partu,
Dum Juno gravidæ sæva negaret opem.
Impia res: tenerum saltem mors improba fœtum.
Liquiſſet misero, matre cadente patri.
Aut matrem potius. Quis n. cum carpserit uvam,
Ipsam etiam vitem subsecuiſſe velit?
Plaudite vos steriles, soboles frane perdidit: Et sic
Sæpe solent ramos frangere poma suos.
